License	Commercial

Description

Fully integrated Mondial Relay solution for your shop.

Documentation

Documentation is available in the module configuration.
It can be accessed here:

Support

For any support request, please contact me directly here from the form on the module page on PrestaShop Addons.

https://addons.prestashop.com/contact-form.php?id_product=88973

Prerequisites

Recommendations

You must have a valid Mondial Relay Enterprise account to be able to use the module.
More information from your Mondial Relay sales representative.

Legal information

The Mondial Relay brand is a registered trademark of Mondial Relay Group (InPost). The use of the logos and brand does not imply any advertising or promotion, the distribution of this module does not commit the Mondial Relay Group (InPost) which has no contractual relationship with Kosmonaft.

Installation

We strongly recommend the use of a hosting recommended by Prestashop for an optimal functioning of the module. The choice of such a hosting guarantees the proper functioning of the module and an optimal support in case of need.

Information

A version of PHP higher or equal to 7.2.

The module is compatible with all PrestaShop version starting from version 1.6.0.4 and upper.

Configuration

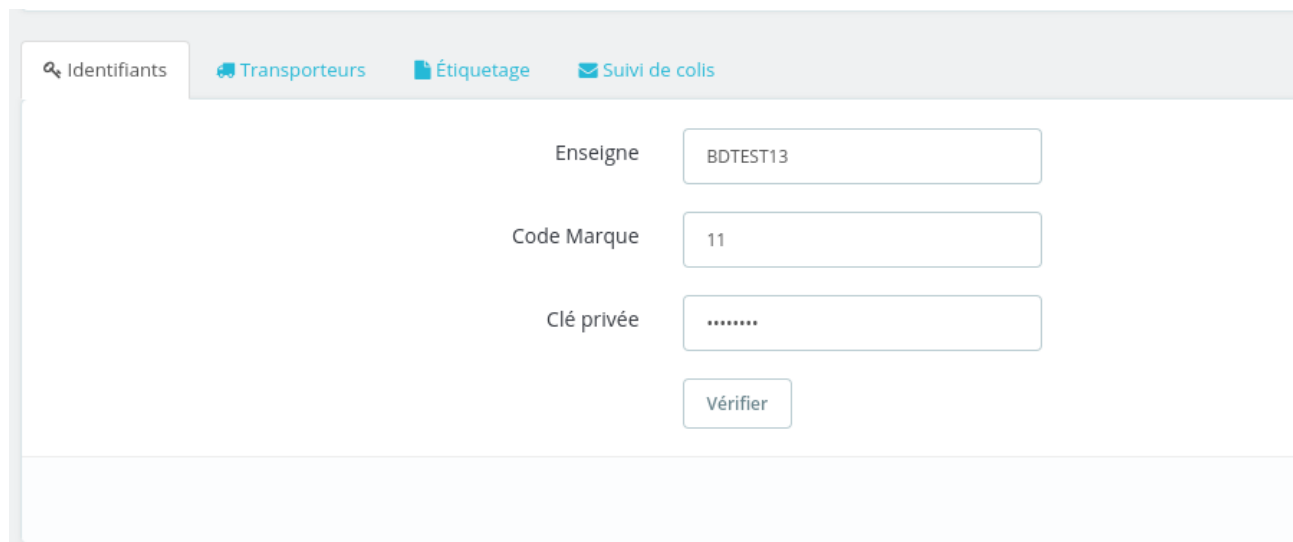

Go to the module configuration to set up the different aspects of your Mondial Relay integration.

Credentials

This is your connection information to the Mondial Relay API for the management of pick-up points in the front-office.

To recover your login, **contact your Mondial Relay sales representative.**

Click on the "Verify" button to validate your login.

The screenshot shows a web interface for configuring Mondial Relay integration. At the top, there is a navigation bar with four tabs: 'Identifiants' (selected), 'Transporteurs', 'Étiquetage', and 'Suivi de colis'. Below the tabs, the 'Identifiants' section contains three input fields and a button. The first field is labeled 'Enseigne' and contains the text 'BDTEST13'. The second field is labeled 'Code Marque' and contains the text '11'. The third field is labeled 'Clé privée' and contains a series of dots, indicating a password. Below these fields is a button labeled 'Vérifier'.

Field	Value
Enseigne	BDTEST13
Code Marque	11
Clé privée	

Vérifier

Carriers

You can select if you want to display an interactive map with the withdrawal points, or only a list (without map).

On mobile, only the list will be displayed (never the map).

Define an order status to put on the order and whether to send an email or not.

Statut de la commande après génération de l'étiquette.

Processing in progress

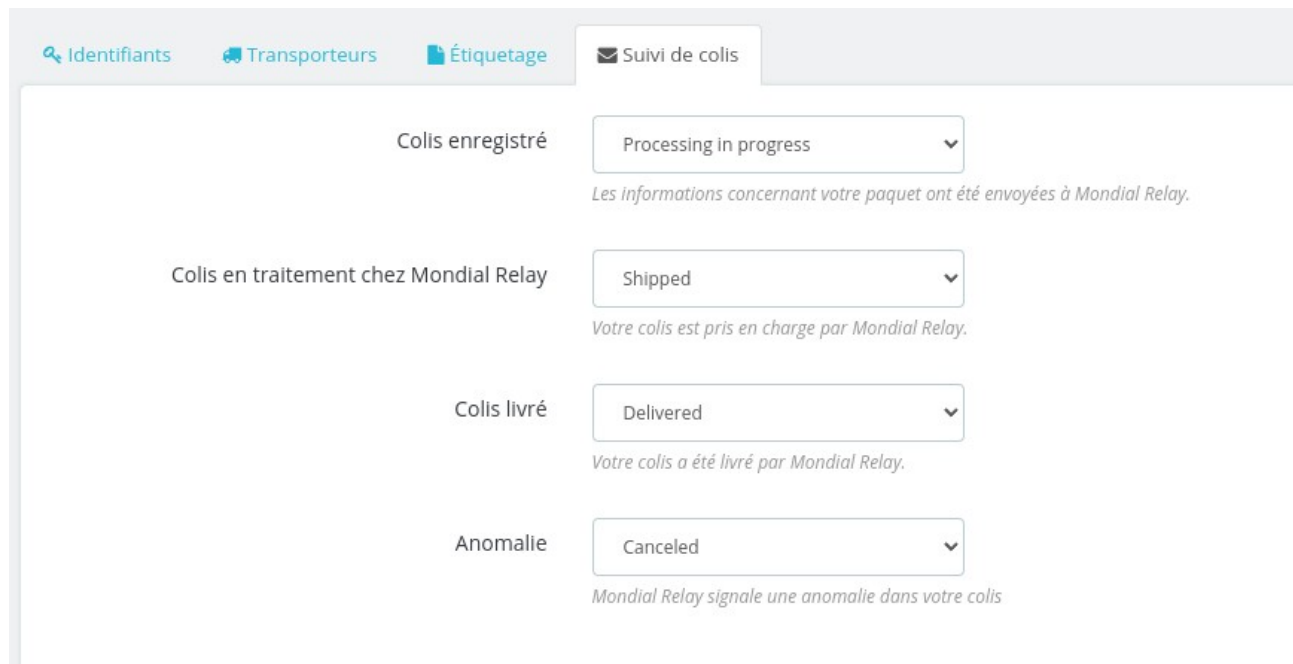

Choose your label format, A4 (classic laser printer) or B5 and 10x15cm (thermal printer).

Format des étiquettes

A5

Parcel tracking

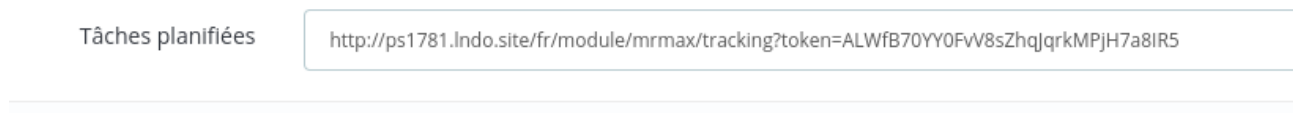

Select an order status to be applied to the orders according to the Mondial Relay tracking.

The screenshot shows a web interface for tracking parcels. At the top, there is a navigation bar with four tabs: 'Identifiants', 'Transporteurs', 'Étiquetage', and 'Suivi de colis'. The 'Suivi de colis' tab is selected. Below the tabs, there are four rows, each representing a different order status and its corresponding tracking status in the Mondial Relay system.

Order Status	Tracking Status	Description
Colis enregistré	Processing in progress	Les informations concernant votre paquet ont été envoyées à Mondial Relay.
Colis en traitement chez Mondial Relay	Shipped	Votre colis est pris en charge par Mondial Relay.
Colis livré	Delivered	Votre colis a été livré par Mondial Relay.
Anomalie	Canceled	Mondial Relay signale une anomalie dans votre colis

You will find in this tab a scheduled task allowing to launch the follow-up of your parcels at regular intervals, ideally every 6 hours.

The screenshot shows a section titled 'Tâches planifiées' (Scheduled Tasks). It contains a single task with the following URL:

```
http://ps1781.lndo.site/fr/module/mrmax/tracking?token=ALWfB70YY0FvV8sZhqJqrkMPjH7a8IR5
```

If you don't have the ability to set up scheduled tasks yourself, then check with your webmaster, integrator or host.

Otherwise, use a third-party service like cron-job.org.

Labelling

Go to the **Orders > Mondial Relay - Labelling** tab to generate/print your labels.

A filter is available to allow you to filter the orders of the day (or other).
